SUPPLEMENT TO
REPORT NO.

1. The following information is said to be indicative of the recent change in the official Soviet attitude towards Finland.
2. The issuance of visas to Finnish citizens desiring to enter the USSR, formerly the duty of the Soviet Consul in Helsinki, has been taken over by the Soviet Minister, General Sivonenkov, a change which has caused considerable anxiety within the Finnish Ministry of Foreign Affairs. Since October Soviet authorities have seriously restricted travel of Finnish citizens in the USSR, only official persons being able to obtain entrance visas.
3. The Finnish Legation in Moscow has recently been subjected to the same surveillance as legations and embassies of the non-satellite countries. Furthermore it was reported that members of the Finnish Legation in Moscow desiring to take vacations in Finland would not receive re-admission visas. For this reason Finnish authorities have suspended vacations of their personnel.
4. The Soviet garrison at Porkkala is reported to have been doubled, as has the number of frontier guards in Karelia.
5. It has been noted that closer ties have recently been established between the Finnish Communists and the Soviet Legation in Helsinki. Meetings between Finnish Communist leaders and Soviet diplomats often take place on the premises of the Soviet commercial mission (in the building of the former Latvian Legation).
